

CALL FOR PROFESSIONAL ON-SITE INSTALLATION

LPC Connect makes it easy to enjoy Fusion Internet at your home or business. Simply call to arrange a convenient installation appointment and our technicians will handle everything from there. They'll also be happy to answer any questions you have about your new Internet connection.

Fusion Internet installation > \$49.95 one-time fee

Static IP (optional) > \$50.00 one-time fee

ENJOY MORE FREEDOM WITH WIRELESS NETWORKING

Wireless networking from LPC Connect makes it easy for everyone in your household to enjoy your Fusion Internet connection. It's like turning your home into a Wi-Fi hotspot!

Rather than Internet access being limited to one room (such as a home office), wireless networking gives you the convenience of being able to go online from any room in your home or even from the backyard patio.

As part of the installation process, our technicians will secure your wireless network to protect it from hackers and bandwidth theft.

Wireless Networking (during a Fusion Internet installation)

- \$75.00 for the first two computers/devices
- \$50.00 for each additional computer/device after the first

Prices are for labor only and do not include equipment such as wireless routers and switches. Call LPC Connect for a complete price quote on wireless networking.

ENJOY
FREEDOM

EXPECT MORE. DO MORE.

For more than 100 years, LPC Connect has helped our community residents stay connected with the latest advancements in clear, dependable communications services. As your local provider, we offer an expanding array of communications options along with responsive, local customer service. These options include Fiber-to-the-Home, High-Speed Internet, computer networking, local and long distance, and voice messaging.

LPC Connect has a fiber optic infrastructure and the latest digital equipment, meaning our customers have access to services that many residents of larger communities can't even get, including the fastest and most reliable broadband available.

Please contact us for more information about any of our products and services. We look forward to meeting your changing communications needs.

Not everyone uses the Internet the same way, which is why LPC Connect offers a variety of speed levels to meet different needs. We have something for everyone — from light users to multi-device/multi-user households to enterprise-level businesses. Choose the broadband Internet package that keeps pace with your online activities.

To meet the needs of our customers — today and tomorrow — LPC Connect has invested in a robust fiber-optic network. This future-proof infrastructure equips LPC Connect to provide reliable broadband and data services that can be customized to meet your changing needs. It's all part of our commitment to provide exceptional customer service. You can count on us to help you select the right speed level today and support you as your needs change in the future.

ALL FUSION INTERNET OFFERINGS INCLUDE:

- Unlimited data usage
- Access to over 3,500 live sports events FREE on ESPN3.com.
- FREE spam and email virus filtering*
- FREE 24x7 Internet Tech Support
- FREE 5 email accounts

**LPC Connect scans incoming emails to our server for viruses and spam. Antivirus protection for your computer is still required.*

PLEASE NOTE: Prices are for customers who have LPC Connect home or business telephone service delivered over the Fusion fiber optic network. LPC Connect technical division will gladly verify that your location will accept service. Please call (319) 342-3369 for details. The service can vary depending on location, line quality, Internet traffic, CPU speed, operating system configuration and other factors beyond the control of LPC Connect. We provide the service on a "best effort" standard and do not guarantee upload or download speeds. Uninterrupted or error-free service is also not guaranteed.
