

## La Porte City – Activate Your Fusion Network Connection!

La Porte City Telephone Company is close to completing the construction of the fiber to the home network, dubbed the Fusion Network, in La Porte City. We are excited to announce that we will soon be ready to activate state-of-the-art fiber service for customers living in La Porte City. There will be no additional charges to you for fiber optic connection unless you choose to add new services to your account.

**Please call our office at 342-3369 to place your name on a waiting list.** Once construction is complete, Barb or Heidi will contact you to set an appointment for activation. Our goal is to convert every customer in La Porte City to fiber optics by early 2013. Your telephone services will be transferred to our new fiber optic connection with minimal to no disruption of your existing service. The activation will take approximately one to two hours, and before leaving, our technicians will make sure that all of your LPC Tel Co services are working. We look forward to bringing this state-of-the-art fiber network to your doorstep!

### KEEP LEARNING. STAY YOUNG. SPEED UP.

Are you ready to take your online activities to the next level? So get moving! The start of another school year is an ideal time to make changes.

#### ENROLL IN LPC HIGH SPEED INTERNET:

- Up to 5 Mbps\* download speed

\*Service availability and Internet speed will depend on location. All prices subject to change. Contact us for complete details.

1

### Call to be Added to the Activation Waiting List

Appointments will be scheduled on a first come, first service basis. In order to schedule a time that is most convenient for you, call Barb or Heidi today.

2

### Be Present for the Activation Appointment

**You will need to be present during the activation as our technicians will need access into your home.** The activation will take approximately two hours, and before leaving, our technicians will make sure that all of your LPC Tel Co services are working. Your services will be transferred to our new fiber optic network with minimal to no disruption of your existing service.

3

### Enjoy Your New Fiber Service

There will be no additional charges to you for this upgrade unless you choose to add new services to your account. As a matter of fact, if you subscribe to high speed Internet with telephone service, your download and upload speeds will increase, but the monthly price you pay will stay the same!

# LPC Tel Co Launches Google Apps™ in September

The Google Apps™ suite of communication and collaboration tools is coming your way September 19, 2012! La Porte City Telephone Company will be integrating Google Apps™ – an online cloud-based suite of email, calendar, IM, and more – into our email platform. Google Apps™ brings simple, powerful communication applications, such as Gmail, Google Calendar, Google Chat, and Google Talk, to users so you can easily stay connected and collaborate with friends and co-workers. Using Google Docs and Google Sites, which include word processing, spreadsheet, presentation and website creation tools, will also allow you to share files and pool resources in real-time, keeping versions organized and available wherever and whenever you work.

How are Google Apps™ with LPC Telephone Company different from the free applications Google already offers? While many of you may already be familiar with using features Google offers, integrating Google Apps™ into LPC Tel Co's email platform will come with the following benefits:

- **Single location for all applications:** Access email, chat, collaboration, calendaring, and file management from one location.
- **Storage:** Gmail offers increased mail thresholds and more business management controls.
- **Improved Spam Control:** Postini is one of the leading spam solutions available on the market.
- **Calendar:** Customize sharing options, managed by individuals.
- **Support:** Friendly, local 24x7 technical support over the phone or via online chat
- **No advertising:** Free Gmail is ad-driven. Our version is ad-Free.
- **Best in class product:** Google's platform is the best in class messaging service and you get several new, tightly integrated products.

The Google Apps™ features are outlined below. Watch your email Inbox and visit [www.lpctel.com](http://www.lpctel.com) for more information about the Google integration. We will provide tutorials to help you get the most out of all Google Apps™ has to offer.

Google Apps™ offered by LPC Tel Co will come with the following benefits:	
Google Apps™ Email	10 Gb storage
Google Chat & Talk	Enables multi-party chat and video chat with anyone on Google's network
Google Calendar	Web-based calendar with full support of 3rd party clients (iCal, Outlook, etc) and multiple alerting options (email, pop-up, SMS)
Google Docs	Create, manage, share, and collaborate on documents, spreadsheets, presentations
Google Sites	Template driven website creation tool
Postini	Enhanced protection for your email from spam and viruses
Mobile Access	Intergration with smartphones and Tablet PCs
MyPortal Page	Customizable user portal with customized content
